Guide Dogs
for the Blind

MISSION

Guide Dogs for the Blind harnesses the power of partnerships—connecting people, dogs, and communities—to transform the lives of individuals with visual impairments.

VISION

An inclusive world where people with visual impairments have equal opportunities and live full, independent lives.

WHO WE ARE

At Guide Dogs for the Blind, we believe that everyone deserves to move through the world safely and confidently—to live the life they want to live.

Our passionate community employs innovative practices to create life-changing partnerships. And, we advocate for policy reforms that change how the world views blindness and disability.

Because when everyone is empowered to participate, our communities are stronger.

FROM THE CEO

Greetings,

New beginnings happen every day at Guide Dogs for the Blind (GDB). Puppies are born in our state-of-the-art Puppy Center, Guide Dogs and K9 Buddies receive world-class care and training, and clients participate in life-changing programs that empower them to live their best lives.

Thanks to your support, our Guide Dog, K9 Buddy, and Orientation and Mobility Immersion (OMI) Programs are helping clients live safer, more independent lives. And our youth programs are helping children, teens, and young adults learn how a guide dog might fit into their future plans.

Because of you, it's all free.

In fiscal year 2023, GDB trained 143 new guide dog teams, created a record 27 K9 Buddy matches and provided OMI services to 48 clients. Our guide dog team numbers reflect an excellent outcome considering the residual impact from reductions made in breeding during the height of the COVID-19 pandemic in fiscal year 2021. This impacted the number of puppies available to train and pair with clients two years later.

During this same period, a new genetic test became available, and we discovered that some of our dogs carried the genes for

Stargardt disease, a degenerative eye disorder. Out of an abundance of concern for the health and well-being of our dogs and our clients, approximately 15% of our puppies were career changed while our breeding colony was carefully screened to avoid further genetic transfer of this disorder. We are proud of our accomplishments considering these challenging circumstances.

Moving forward, we are well-positioned to serve more clients and provide broader opt-in service offerings such as hearing screenings, physical support services, and counseling services. GDB is the first guide dog school in North America to provide this holistic approach to treat the whole person in addition to providing mobility options. And we'll continue to pioneer efforts in canine research so that more dogs become guides, K9 Buddies, or breeders.

On the advocacy front, we'll collaborate with peer organizations to fight rideshare discrimination experienced by guide dog users. Because when everyone is empowered to participate, our communities are stronger.

Together, we are unstoppable!

With gratitude,

Christine Benninger
President and CEO

THANK YOU FOR SUPPORTING

“I enjoy having one of the principal roles in our breeding program to ensure the overall success of our dogs. My role starts at the DNA level to maximize fertility in our breeding colony while ensuring the health and wellness of our dogs. Thanks to the generosity of our amazing donors, GDB has some of the best guide dogs anywhere in the world.”

— Dr. Kris Gonzales,
GDB Veterinarian and Theriogenologist

“A dog can make a remarkable difference for a person who is blind or visually impaired by fostering a sense of caring, companionship, and responsibility through the human/animal bond. Thanks to donor support, our K9 Buddy Program now serves people of all ages across the US and will expand into Canada this year.”

— Kelsey Gilbert,
K9 Buddy Program Manager

“Starting my day with wagging pups who are happy to see me is one of the favorite parts of my job. But working with clients and knowing I’m positively impacting their lives thanks to our donors’ support is even better.”

—Joey Foat, GDB Qualified
Guide Dog mobility Instructor

OUR LIFE-CHANGING MISSION!

“Being an orientation and mobility specialist is one of the greatest jobs in the world. It’s joyous work knowing that our program is empowering clients to live safer, more independent lives, and that donor support is enabling us to serve even more clients.”

— Marc Gillard, GDB Director of Rehabilitation Services

“Thanks to our donors, GDB offers Veterinary Financial Assistance (VFA) to ensure that cost is never a barrier to a client enjoying the benefits of a guide dog or a K9 Buddy. I’m grateful to oversee this unique program that positively impacts so many lives.”

— Dr. Erin Matern, GDB Veterinarian who oversees the VFA Program

“Thanks to our donors, GDB offers a 3-year paid Apprentice Program to grow our pipeline of guide dog mobility instructors. Apprentices get on-the-job training with mentor instructors and receive comprehensive academics in guide dog training, client assessment, client training, and client support.”

— Bobby Cortez, Apprentice Instructor

THANKS TO YOU!

YOUR SUPPORT CHANGES LIVES!

“When my guide dog *Moto* suddenly needed specialized medical care, GDB was there for us. Now, he is an energetic, healthy dog, and we are a working guide dog team again! I am thankful to donors who make a difference.”

—Mindy Wulff, GDB Client

“I do not believe I would be attending my dream law school across the country from where I was living if it weren’t for *Mannix*, and I wouldn’t have *Mannix* if it weren’t for GDB. The fact that GDB not only trains the dogs and pairs them with clients but provides ongoing support to their clients is absolutely amazing.”

—Brian Mucyo, GDB Client

“I support GDB because their programs change lives. The bond between a person and their guide dog is like no other. Watching a guide dog team in action is a learning experience. A sight to behold.”

“Our puppy club is a community of likeminded raisers. Not only do we bond with our puppies, but we also bond with each other. It is a privilege to work with an amazing group of volunteers, passing along skills that I’ve learned from GDB leader training, and watching the accomplishments of both the puppies and the raisers.”

"I have been a volunteer puppy sitter for three years. I've learned dog training techniques and met wonderful raisers and clients. This year I am co-raising my first puppy, a fluffy Golden Retriever/Lab cross. It's so fulfilling to help her grow into a well-behaved, confident dog. I hope she will go on to change someone's life!"

“Volunteering at GDB is an extraordinary experience! I assist with data entry in the Veterinary Financial Assistance Program, and I am a neonatal puppy and brood socializer. I am valued and appreciated by the staff and feel privileged to work with such dedicated and talented people who exemplify the mission and vision of the organization.”

“I learned that I can be a foster care volunteer, even though I do fall in love every single time! There is immense satisfaction in helping these dogs enjoy their stay with me for whatever reason, and I’m pretty sure that I end up benefiting the most from this deal.”

“I love that GDB always goes the extra mile for their dogs. When our breeder dog Niobe was pregnant and had inflammation in her eyes, traditional treatments were limited due to her pregnancy. They sent an eastern medicine specialist to come to our house for several weeks to give Niobe acupuncture treatments to increase her comfort. I think that’s an impressive commitment to Niobe!”

***“It’s an honor to assist GDB in its mission by providing campus tours to a diverse population including school classes, senior groups, potential clients, and visitors from throughout the US and other nations. GDB maintains the highest standards in everything they do. A lot goes into raising and training a guide dog, and I’m in awe of how GDB’s community of staff, volunteers, and donors make it all happen.*”**
